Re: (HVHZ) High Velocity Hurricane Zones Units

Dear Mr. Locke:

In response to your question on Friday, it is to the best of my knowledge that Royal Concrete Concepts, Inc (RCC) is the only manufacturer in the State of Florida that has approved HVHZ plans for Residential units. RCC has been approved by HWC Engineering and the State of Florida DCA to produce Residential units for HVHZ areas in accordance with the State Manufactured Buildings Program.

If you have any questions please feel free to contact us.

Sincerely,

Hilborn, Werner, Carter and Associates, Inc.

James A. Lyons
Director of Modular Inspection Services
Modular Plans Examiner SMP12
