Mr. Dean Locke
Chief Operating Officer
Royal Concrete Concepts, Incorporated
801 West Pike Road
West Palm Beach, FL 33411

Dear Mr. Locke:

SUBJECT: N62470-04-C-4031, Housing Replacement Project at U. S. Coast Guard Operation Bahamas, Turks & Caicos Aviation Deployment Site, Great Inagua, Bahamas

I would like to express our sincere appreciation for a job well done in the construction of Very Low Maintenance Housing Units in Great Inagua, Bahamas. Your company performed admirably in very difficult conditions in order to provide a high quality product for the U.S Coast Guard.

Your firm faced many challenges, including the hurricanes that disrupted your South Florida operations, as the contract was beginning. You also overcame the logistical difficulties associated with the remote location and general lack of services at Great Inagua. You worked in a very cooperative manner with the users, the local commercial entities, and this command in order to see this project through to completion. Throughout the contract, the professionalism, thorough planning, and expert knowledge of your team served to minimize problems and keep the project proceeding on schedule.

Your work has been essential to providing timely, well-built housing units that will serve the Coast Guard for years to come. We all have benefited from this partnership, and we would welcome the opportunity to work with you again in the future. Thank you for your tremendous effort and outstanding results.

A handwritten signature in blue ink, appearing to read "K. J. Schmader", with a long horizontal line extending to the right.

K. J. SCHMADER
